## Archie

Inspired by the gothic architecture found in the western Sardinian city of Alghero, Archie blends color, light, and structured form. The molded facets put a tactile heft in the hand and refract the light, creating dramatic shadow play.

Each piece is spun molded and finished by hand.

## Archie

Inspired by the gothic architecture found in the western Sardinian city of Alghero, Archie blends color, light, and structured form. The molded facets put a tactile heft in the hand and refract the light creating dramatic shadow play.
