

Terra is a celebration of noble materials that have defined and shaped our existence on earth. The tactile, textured family of dinnerware and decorative pieces in four finishes each express the unique qualities of their material origin: stone, iron, wine, and leather. Our new handwoven linens, with eleven signature tones and a range of print options, open up a world of possibility for color, print, and texture combinations. Together, this is a collection that elevates the sensory experience and rituals of dining.
