

VIETRI

IRRESISTIBLY ITALIAN

2024 CATALOG

It is a lifestyle.

Celebrations are the world's greatest way to be together. To laugh, to dance, to love, to enjoy time spent together. VIETRI's mission has long been to inspire the celebration of life with family and friends. We believe in cherishing those moments that bring joy to our lives, and our hope is to always encourage this around the table whether physically or metaphorically. It is a lifestyle.

Our lives are made up of small, sometimes seemingly insignificant moments that ultimately weave the fabric of who we are, what we value, how we choose to give back to those we cherish and the world around us. Life is also a culmination of grand occasions that fill us with joy, surrounded by the people we adore, and instill fond memories and traditions for years to come.

The Italian lifestyle is true to our core. It is the way the language effortlessly touches our ears and encourages us to find beauty in simplicity, the awe we encounter when we witness a sunrise on the Mediterranean or watch the sun dip low over the Tuscan horizon, savor the first bite of a family recipe made with love in the homes of people we admire, it is sharing a toast to new beginnings while looking across the table at a friend, admiring the architecture that has been carved into a culture so rich with history and nuance we can't help but revel in it. To put it simply, *the Italian lifestyle is magic.*

PERLA NECKLACES

The Perla Necklace is a striking, unique piece with a wonderful story. VIETRI Founder Susan Gravely came across a beautiful mesh and pearl necklace in Milan in 1985. She asked her dear and talented Florentine friend, Tita Bosio, if she might be able to recreate it so that VIETRI could sell something similar. Tita sourced the pearls very easily, but the mesh netting seemed hard to find. She scoured markets and shops to no avail. Not to be deterred, Tita eventually found what she was looking for in an automobile repair shop! She created the bestselling necklaces for VIETRI for many years, and eventually the product was retired. We are delighted to bring the necklaces back, and they are now handmade by Tita's daughter-in-law.

CUCINA FRESCA

(coo chi nah fres ka): *Tuscan Kitchen*

Cucina Fresca translates to Tuscan Kitchen in Italian, and this beloved collection captures the colors, energy, and history of Tuscany. The eight different glazes in hues of blue, yellow, green, red, and white are inspired by the Tuscan landscape, and the raw terra cotta edges are modeled off of 14th-century Tuscan pottery; the result is an original, beautiful, and authentically Italian Tuscan triumph.

HANDPAINTED ON TERRA COTTA IN TUSCANY.

Dishwasher and microwave safe.

INCANTO

(in'kanto): *enchantment*

Italian for enchantment, Incanto designs were inspired by Italian art, the landscape, as well as Venetian history. The soft ripples of the Adriatic Sea are mimicked in the ruffle design, the stripe is reminiscent of the strong stately columns of Palladian villas along the Brenta River, the lace was inspired by the famed lace of Venice's Burano Island, and the baroque style recreates the architectural curves of 17th century Europe.

(ˈlastra): *slab*

The clean and simple lines of Lastra were inspired by the circular wooden slab used for centuries to create the outer mold in cheesemaking throughout Italy. When fashioned together with twine, the hoop was left with a slight overlap to help maintain the shape of the cheese mold. Maestro molder Stefano Roselli incorporates the overlapping detail into the entire design, from its foot to its rim. A dark dusting on the edges of each piece suggests the ash that was used to preserve these cheeses and highlights each unique silhouette.

MEDICI

NEW ADDITIONS

Shown with Lastra Dinnerware, Contessa Gold Drinkware, and Settimocielo Flatware

(meh dee chi): *the name of an Italian bourgeois family, doctors*

Inspired by the Renaissance's gilt and gold, the Medici collection features glowing golden dots on a crisp white background. The name Medici honors the famed Italian family who ruled Florence during the Renaissance. Their coat of arms included spherical shapes like the dots on each plate in this collection, and those dots signified coins, or the family's great wealth. This collection's design serves as a reminder to appreciate the good fortune of a delicious meal with loved ones.

OLD ST. NICK

VIETRI's signature holiday collection is a celebration of nostalgia, family, and holiday spirit.

When maestro artisan Alessandro Taddei was a small boy, his mother read him stories about Babbo Natale, Italy's Santa Claus. Alessandro transforms those memories into whimsical and joyful designs that portray Old St. Nick's happy adventures during the holiday season.

Book 2

The Magic of Old St. Nick: Good Friends, Good Earth

This Christmas Day tale involves Old St. Nick and his forest friends, their love for each other and children around the world, and their appreciation of the earth. Upon returning from his annual trip around the world, bringing joy to those near and far, Nick is delighted to find his forest friends waiting for him eager to hear about his travels and exchange gifts. The charm of this second book in the Old St. Nick series lies in the passion that both Susan Gravely and Alessandro Taddei feel for protecting and preserving nature for generations to come, and to honor the spirit of joy, magic, and generosity personified in Babbo Natale.

"Nothing is better in my life than this moment-creating, collaborating, and becoming inspired by design while working with Italian artisans."

FLORENTINE WOODEN ACCESSORIES

NEW ADDITIONS

Traditional shapes, soft curves, artistic details, and radiant hues make the Florentine Wooden Accessories a timeless statement collection. Inspired by the artistry of the Renaissance, maestro artisans handcarve each home accessory piece before applying leaves of gold, platinum, green, blue, and red. Bold and regal, this home accessory collection brings Italian panache to your home.

FORESTA

(for est ah): *forest*

Let incredible detail, texture, and shape take center stage this holiday season with Foresta, created by maestro artisan Stefano Roselli. Stefano reimagines the snow-capped pines overlooking il Lago di Como in this assortment of sculptural trees, and the result is a magical winter wonderland. The trees are decorated with ornaments, stars, and birds, and some are designed to place a candle inside for a luminous effect.

HANDCRAFTED OF TERRA BIANCA IN TUSCANY. BATTERY POWERED TEALIGHTS ARE RECOMMENDED INSIDE PIECES WITH HOLES.

Wipe with damp cloth to clean.
