PASSION TRANSLATED INTO DESIGN

Dear Reader

You're probably busy, so we'll be brief: We're so excited!

If you have one more minute, listen to why we're quivering with excitement – because we are! The catalogue in your hands is not just a chance to reunite with old friends, but of meeting beautiful new ones. You'll see the world premiere of a table mirror with built-in wow effect. You'll find elegant trays with support from unexpected corners – and sides! A stylish bathroom range in an ultra-popular material. Little tables with enormous potential. And finally, once and for all, we solve the problem of towel straps losing their grip. So, yes, there's every reason to be excited about the sheer beauty and practicality of these products!

Quite apart from our huge excitement about all these products, we have to concede that we're living in somewhat turbulent times.

The world is trembling all around us in different ways. As consumers and as human beings, therefore, we seek a safe haven from the storm – a place of beauty and a place to relax. That haven is our home. That's why interior design has become so crucial in recent years, and of course we're delighted about that.

What will happen once the dust has settled? Our guess is that sustainability will continue to be in focus both one year and five years from now. Thankfully. While no one can do everything, every brand can and should do something. Zone Denmark has long since stopped using plastic bags in its packaging. We use 100% FSC-certified cardboard, all our printing is soy-based, and we have come a long way in terms of sorting and recycling the individual parts in our designs. But! We are well aware that these are little steps in the grand scheme of climate action. That's why we are continually looking for green solutions that can make a difference.

At the same time, we celebrate the long service life of Zone products. Right from the outset, our brand has been about products that you will enjoy looking at, using and sharing your life with year after year. Our trademark will continue to be durable designs, where the durability is not only down to the choice of materials, but also to the aesthetic timelessness of the products.

Back to the excitement with which it all begins. Now browse away.

Enjoy!

Functional minimalism

About the A-COLLECTION

The launch of the A-COLLECTION has expanded Zone Denmark's superb range with small furnishings and home accessories such as bookcases, stools, mirrors and shelves – and there are always more on the way, so keep an eye out for new products.

These minimalist designs are made of powder-coated steel in a colour palette to complement contemporary interiors. Their consistent styling adds serenity and coherence to the décor, uniting form and function in the hallway, kitchen, office, children's room and bedroom – or wherever else you need storage, flexible seating or somewhere to check how you look before you leave for going out.

Functionally versatile format

Create a beautiful corner in your living room or an attractive and welcoming hallway. The slim powder-coated steel console table adds a touch of beauty to most rooms, without even taking up much floor space. It comes with two shelves that you can position just the way you like. The high-edged shelf is perfect for towels, hats/gloves, dog leashes or whatever you may need.

The console table can be put to a multitude of decorative uses. When used as a sofa side table, place the high-edged shelf at the bottom as somewhere to keep magazines, knitting or stylish coffee table books. You can also place the table along a central wall and use it to create gorgeous displays of green plants, candlesticks or sculptures. If you love still lifes and enjoy rearranging your home decor, you will absolutely love this piece of furniture.

Table, bookcase or home bar?

The A-TABLE is a beautiful mix of a table and a storage unit. You can use it for towels, spices, your favourite ornaments, magazines or coffee cups – or as a cool bar for glasses, shakers and your favourite gin. In addition, two A-TABLES in the bedroom will make the perfect minimalist bedside tables.

The fine A-TABLE storage unit and side table is also available in a small and even more versatile version. Use it on the kitchen worktop for oils, vinegars and herbs. For writing tools, gadgets or creative articles on the desk – or as a decorative room divider with green plants.

TAKE A DEEP BREATH

- then step in...

You probably know the feeling: that lowering your shoulders elevates your mood

Bathrooms are growing in size. But they are also taking on a new role. The bathroom is becoming more and more important in our modern lives. It's become our private space.

A place where we can pamper ourselves with a relaxing bath, pleasant music, and peace and quiet from the hustle and bustle of normal life.

There's a growing appreciation of the importance of unplugging from time to time. We've discovered that lowering our shoulders elevates our mood. Quite simply, it's healthy to put your own needs first, and it's as if the bathroom was created with just that in mind. That's why consumers are now looking for products that can help make this experience even more beautiful. Even more sensuous.

Zone has taken up the challenge. As always, we've gone to great lengths. The ingredients are clean lines, good materials, exclusive and natural fragrance notes as well as huge respect for the bathroom as a living space anno 2023.

Take a deep breath, then step in...

TIME

Strong and stylish

Concrete charisma

The TIME bathroom range definitely invites a second glance. Zone Denmark has brought a whole new material into play. Three of the four products in the range – the soap dispenser, toothbrush tumbler and toilet brush – are made of concrete with just a few plastic details added. The pedal bin, on the other hand, is pure ABS plastic, but colour-matches the concrete products, giving the range a consistently powerful look and feel.

With uncompromisingly 'concrete' charisma and naturalness, concrete has found its way into interior design in recent years. It is at the same time hard, soft and very beautiful. Being fired at lower temperatures is another advantage of concrete, saving on energy consumption during production. Finally, it is worth noting that, on reaching the end of their current life, these products can be crushed and reused.

The range is exciting and stylish. It's dignified and carefully considered. For example, all the designs feature a silicone base to protect surfaces from being scratched. TIME is a promising take on a contemporary classic bathroom range and, by the way, is by the Mavro/Lefèvre design team. Choose from three colours: Concrete and two coloured variants, Black and Soft Grey.

NOVA ONE

NOVA ONE

A genuine classic

NOVA ONE BATH | BY THOMAS DUDZINSKI | DETAILS P. 046-047

Silky soft success

NOVA ONE is love at first touch. The surface is silky soft, and the style is delightfully simple. Consistent throughout the range, the pure tone-on-tone nuances create a coherent look in the bathroom without stealing the show. Perhaps the delicate sense of colour and honest organic styling are the secret of NOVA ONE's success.

The range has won awards for its design and remains one of Zone Denmark's all-time best sellers.

NOVA ONE

SERIOUS EYE-CANDY!

We've fallen head-over-heels in love with this greyish-brown hue of Taupe. So, now you can get the whole NOVA ONE range in this eye-catching colour that's sure to fit in naturally in most homes.

Good news for all your nick-knacks

This small stoneware jar with a lid is as attractive as it is useful. It's somewhere to put all those things that don't have really have a place of their own in the bathroom. Cotton-wool pads, hair ornaments or contact lenses, perhaps? The lid has a neat recess, just right for as somewhere to put your jewellery before your head hits the pillow.

U got it

It's not magic. It's just great design!

Japanese purity meets Scandinavian audacity, and beautiful design emerges. Quite simply, it's UME.

UME is Japanese for plum tree. It symbolises patience and strength, and elegance, too. And you clearly sense that when looking at the range. The U-shape contributes aesthetic calmness and stability.

There's a light-and-airy Nordic feel, too. The products are virtually floating, as if by magic. But it's not magic. It's just great design.

The VE2 design team is behind UME. Their work has been recognised with a number of design awards over the years. We suspect there are more to come.

Beauty in the mirror

A must-have table mirror that will look great wherever you place it. One side is a normal mirror, while the other side has 5x magnification. The mirror rotates securely about its own axis, carried on a wide aluminium frame that also serves as a stable base for the mirror. It is powder-coated for a pleasant matte appearance.

The mirror is a beautiful addition to the popular UME range and is available in all 7 colours: Black, White, Soft Grey, Grey, Eucalyptus, Taupe, Olive Green.

UME LAUNDRY BASKET | BY VE2 | DETAILS P. 057

Organic and practical

A real beauty has been born. The organic new addition to the UME series makes light work of dealing with laundry. It's easy to remove the lid, but you don't always have to. Socks and other small items can be posted through the hole in the middle. On the side are two smaller holes that serve as handles for moving the laundry basket around. Choose from seven different shades.

RIM

RIM

So elegant, so simple

Taking bathroom interiors to new levels

Zone Denmark is launching RIM – the design brand's most comprehensive range of attractive and functional bathroom ware to date. The exclusive and ultrasimple style has been created in collaboration with Danish designers VE2. The furnishings combine the beautiful design you want with the peace and harmony you need from your bathroom.

RIM offers you everything you need to kit out the bathroom, from mirrors and shelves to wipers and soap dispensers. All that is left to add are soft towels and fragrant soap (which you will also find at Zone Denmark).

The whole range is available in black and white and made from powder-coated aluminium, meaning they are easy to clean and built to last. Several of the products can be wall-mounted for ease of use, hygiene and clean aesthetics.

▲ **RIM WIPER** | BY VE2 | DETAILS P. 070

Stylish shower cabinet

RIM gets your shower sorted in style. You can place shampoo, soaps and bath brushes on these two delightful “floating” shelves with concealed fittings.

The deep shelf can be filled with your favourite shampoo and shower gel – the bottom of the shelf can be removed for easy cleaning.

Match with the wiper from the same range, available in two widths (22 and 30 cm) and designed in a calm and inviting look.

Practical never looked this good!

The RIM towel rails blend naturally into the décor. Simple and elegant. They are made of powder-coated aluminium and are available in two lengths: 44 cm and 70 cm. Choose the narrow single-rail or the slightly deeper double-rail model.

You could even place the towel rails at staggered heights on the wall. That will liven up the room, while accommodating different user heights.

Complement with matching hooks on the wall where needed.

RIM TOOTHBRUSH MUG | BY VE2 | DETAILS P. 070

Wall-mounted wonders

RIM offers soap dispensers, toothbrush mugs, bathroom bins, toilet roll holders, toilet brushes and toilet roll storage in a beautiful unified design, all of which can be wall-mounted.

This creates a clean, floating look, elegantly achieved by the concealed fixtures. The products are made of powder-coated aluminium and available in black and white.

RIM's minimalist soap dispensers, toothbrush mugs, soap dishes, toilet brush holders and pedal bins are of course also available in the classic freestanding versions – all in an elegant, simple design to delight you and your guests.

A feast for the eye

The mirror and the shelf are perfectly matched – with the same design, width and edge size. It's a feast for the eye. Bathrooms should radiate a certain serenity that relaxes your shoulders.

You can further enhance the mood with natural colours and tiles with organic patterns.

So handy for everyday essentials!

The new INU tabletop wire baskets are akin to the popular large floor baskets in the same range. They may look smaller, but their possibilities have grown! These handy tabletop baskets can be used for virtually any everyday essentials. From hair ornaments in the bathroom, to fruit and vegetables in the kitchen, or plants on the coffee table. They'll hold whatever you want to put in them.

INU BASKET | BY NEU STUDIO

From mess to minimalism

The INU Spa range also unleashes delightful interiors that are easy on the eye. Such as the beautiful steel baskets for holding towels or laundry in the bathroom, pillows, blankets and magazines in the living room – or large leafy plants anywhere in your home. The mirror-image arched, practical grips lend character to the airiness and soft lines of the design.

The stackable baskets are available in two sizes.

Hang on...

Some towels have loops that break easily. Others are born entirely without. But all towels deserve to hang securely on the wall when in use. And now they can, with the LOOP magnet – a simple silicone strap with a powerful magnet at each end. Simply loop the LOOP magnet round one corner of the towel, and it's ready to take up its position on any hook you want. Hang on, there's more: The LOOP magnet is easy to remove when it's time to wash the towel. You can choose from an amazing array of seven bold colours, and the magnets come in boxes of two.

“I always get goosebumps
when the right idea comes
along and I know that
I’ve nailed it”

Sofie Lefèvre

VE2

The collaboration between VE2 and Zone Denmark is based on shared enthusiasm and great chemistry. And of course on VE2's ability to design beautiful and functional products perfectly suited to the users.

Hugo Dines Schmidt and Morten Lauritzen have a knack for encouraging the whole team to come up with ideas, then getting to the core and finding the final solution together. That's why Zone Denmark has celebrated many of its greatest successes with VE2.

NEU STUDIO

The woman behind Neu Studio is industrial designer Tilde Nygaard. With her presence and critical professionalism, she creates simple and feminine designs together with Zone Denmark – including the award-winning spa range INU.

Tilde's inspiration for her colour combinations are nature's leaves and stones and the weather. She lingers on the details of her designs until the result has both aesthetic and functional value.

THOMAS DUDZINSKI DESIGN

Thomas Dudzinski takes inspiration from everything he senses. He's always scanning his surroundings subconsciously, always getting a steady stream of ideas – and some of them take shape in collaboration with Zone Denmark.

The challenge is to pick out and develop the right ideas, which can turn into the stringent minimalist lines that characterise his designs. Designs that challenge materials, products and people's behaviour – in all their simplicity.

Sofie Lefèvre

MAVRO//LEFÈVRE

With a master's degree in Innovation Design, designer Sofie Lefèvre has all the skills she needs. But her ideas take flight in an open and friendly dialogue with Zone Denmark, and the journey from idea to action is never long.

The result is simple but unconventional designs that often contain built-in visual or functional surprises based on the way we use products.

Details that give a great user experience and put a smile on your lips.

MENCKE & VAGNBY

Many of artist Karina Mencke and designer Marcus Vagnby's ideas are born in their own home. If an object isn't quite working, they seize the opportunity to create a new and better version.

In their work process, they have a special ability to combine form and function in new and creative ways. One example is the "Bird" wine stopper, where they've coaxed an ingenious function out of the figurative design.

ADAM AAMANN

As far as chef Adam Aamann is concerned, it's always been about food and ingredients. He's a familiar face in Copenhagen restaurant milieus as well as on Danish TV. That's because Adam is driven by an unrelenting curiosity about aroma and flavour. And now he also designs fragrances for Zone Denmark.

PACKAGING

A ray of sunshine on the shelf. Fit for purpose

First, the hard facts: All Zone packaging has been crash-tested and protects its valuable contents against the rough and tumble of storage and shipping.

Now for the cool details: The boxes on the shelf, on the counter or in the display help to sell themselves. Try turning the boxes round and putting them together in pairs to see the entire product family, even if everything is boxed up. Convenient and space-saving.

WE CARE

Packaging with consideration

Zone Denmark gift boxes are made from FSC™ certified cardboard. We use printed colours extracted from soya beans, a 100% natural raw material that contributes to optimal and environmentally friendly recycling of the cardboard. For all future productions we avoid the use of inner plastic bags.

This packaging is made with FSC™-certified paper and toxic free ingredients

Shop modules

The shop modules are the property of Zone Denmark, and can only be used for articles invoiced by Zone Denmark. The shop modules must be displayed in the shop for at least two seasons and remain stocked with the agreed items from Zone Denmark.

If these terms are not fulfilled, Zone Denmark reserves the right to have the above modules (excl. articles) returned at the customer's expense and risk.

If modules are to be returned, the customer is responsible for packing the shop modules in a proper way to keep them from being damaged during transport. The modules have to be returned in the same condition as they were upon receipt – except for fair wear and tear.

The customer is responsible for transport costs if returning the modules.

If the shop modules are not returned, the customer will receive an invoice for the module.
