Collection Name: LA PETITE BOULE

LONG DESCRIPTION

Deeply rooted in Villeroy & Boch's DNA, La Boule is a style icon in its own right. The first iteration of La Boule debuted back in 1971 and was designed by Helen von Boch, Contemporary Artist and 8th-generation family member. Before its debut, nothing like La Boule had ever been done before; it was considered avant-garde. As a 19-piece tablesetting, La Boule was an extreme challenge to create, as blanks typically become smaller during the firing stage of the production process—it was difficult to get all pieces to shrink to the same size. In 2020, La Boule was reintroduced with a more streamlined and sleeker design, made of only seven pieces.

Now, Villeroy & Boch continues the story with La Petite Boule, a miniature version of the popular La Boule, comprised of five pieces that stack together to create a stylish snacking set. La Petite Boule consists of four bowls/dip bowls and one appetizer plate—perfect for aperitifs.

Indulge in a stylish at-home happy hour, mark the start of a special evening, or simply enjoy a little moment of relaxation with La Petite Boule, your favorite snacks, and your drink of choice. This five-piece set is the perfect way to snack in style.

La Petite Boule is available in smaller versions of four popular designs: Memphis, Black, White, and Black & White. Like its full size predecessor, La Petite Boule Memphis features unique, bold decor with a playful and glossy color scheme. La Petite Boule Memphis includes black and white stripes that come together with shades of orange, rosé, and Bordeaux to create a real statement.

La Petite Boule White features all-white, glossy premium porcelain, while La Petite Boule Black features matte black premium porcelain. La Petite Boule Black & White features an enticing mix of matte black and glossy white finishes.

All La Petite Boule designs come in a stylish gift box, making them ideal gifts for housewarming parties, bridal showers, holidays, and more. Just like the full size La Boule, La Petite Boule is a winner of the prestigious Red Dot Design Award in the "Product Design" category. La Petite Boule proves that good things come in small packages!
