HOME COLLECTION

KUTNIA - A UNIQUE TURKISH BRAND

Established in Gaziantep, Turkey, in 2017 KUTNIA has successfully revived the ancient art of hand weaving kutnu fabric – one of the most precious artisanal woven fabrics of Turkey.

Kutnu's luxurious appearance and sheen is created by a distinct method of production. Warp yarns (vertical) are of vegan floss silk, often coloured by hand with a special batik process and Weft yarns (horizontal) are of cotton.

Whilst staying true to the DNA of kutnu production, KUTNIA updated this method to create a luxury fabric which is durable and versatile - combining the best of contemporary design and craftsmanship with traditional, artisanal methods of weaving fabric by hand.

KUTNIA CRAFTED FABRICS

Kutnia's unique fabrics are always hand crafted from Turkish cotton and plant derived, floss silk. Floss silk is more durable than traditional silk and was selected by KUTNIA for its handwoven fabrics for its sustainability, quality and beautiful sheen. All Kutnia fabrics are also OEKO-TEX® STANDARD 100. Guaranteeing that they have been tested for textile safety, from yarn to finished product.

KUTNIA *at* HOME

Kutnia Crafted Fabrics, with their distinctive patterns and finishes on Kutnu and Peshtemal - have been evolving over the past five years for use in a variety of products for the contemporary home.

Inspired by the positive feedback and requests from prestigious events and retailers, such as Paris Maison et Objet, Harrods, and Amara, Kutnia is proud to introduce KUTNIA AT HOME a thoughtfully curated collection that brings our signature craftsmanship into every corner of your living space.

Crafted from our unique, handwoven fabrics, this collection features four elegant and distinct themes: Love, Modern, Geometric, and Marine. Each collection includes luxurious, handmade cushions in a variety of shapes and sizes, as well as stylish and comfortable sofa throws. The collection also showcases fabric-covered accent stools and decorative storage boxes that bring functionality and beauty together. Additionally, there are timeless table settings and napkins designed in classic Kutnu stripes or pure linen. Completing the range is our best-selling selection of handwoven kimonos and slippers, blending tradition with contemporary elegance.
